3. Based on EPA estimates (based on a full battery for PHEV). Actual mileage or range will vary with options, driving conditions, driving habits, vehicle maintenance, and your vehicle's condition. For PHEV, it's also based on charging practice, battery age, weather, and temperature. Battery capacity will decrease with time and use. For more information on range, please see [www.fueleconomy.gov](http://www.fueleconomy.gov).
4. Based on comparisons of available plug-in hybrid SUVs, using manufacturer-supplied data, as of May 2021.
5. For FWD model. Range calculated by using full fuel tank capacity and 2022 combined MPG estimate provided to EPA. Range claim is not a warranty or guarantee. Actual distance may vary with options, driving conditions, driving habits, and vehicle condition.
